Product marketing

Get the word out about your product or service to a large audience in a tech hotspot.

Give back

The Pacific Northwest JavaScript community is strong. Show your organization's commitment to the growth and diversity of the JavaScript ecosystem.

Captions

\$4,000

We will be live captioning all talks using a human captioner. This is a very important feature for deaf and folks who are hard of hearing.

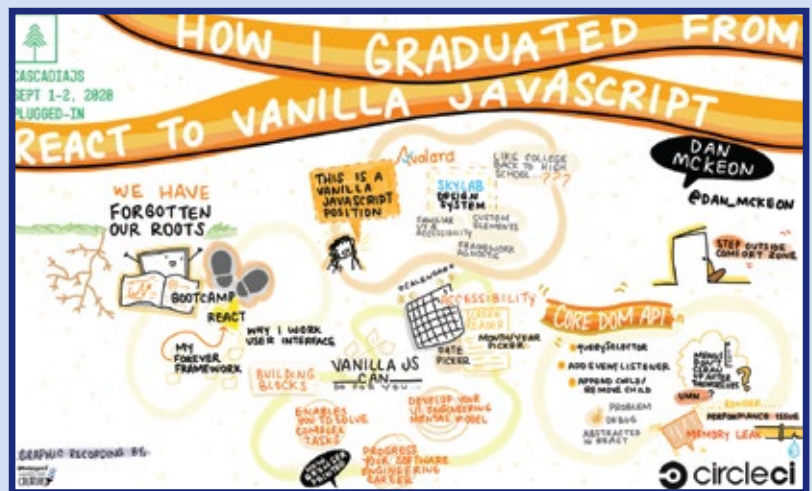

Graphic Recording

We have hired an amazing artist to draw "graphic recordings" for all 24 of our talks.

Place your logo on all sketches, which are displayed during the live stream and are shared on our website and Twitter.

Scholarships

\$2,000

In order to make CascadiaJS more accessible to more kinds of people, we run an Opportunity Scholarship program that is targeted at folks who are underrepresented in tech.
